

## Awesome Adventure (SLE)

We met with NZ Adventure tours for the second time.

Some repeat offenders seven in all maybe nine.

Guides were John & Malcolm there was no Greg,

So Robbie & Connie joined us instead.

Our guides took turns to expand their knowledge,

On the stations we visited,

& the odd stone cottage.

Nowadays some use helicopters

Instead of horses to check their stock

& count any losses.

The roads were dusty & very steep,

and 'Old Man Range' with ruts so deep.

Many gates to shut,

On these vast stations,

Some just bits of wire,

The latest creation!!!

There were many rock formations,

But the best to see,

Were the '2 Tuatara's making Whoopee!!

Central Otago high Country, is simply magic.

Don't!! Lock the gates on us 'DoC'

That would be tragic.

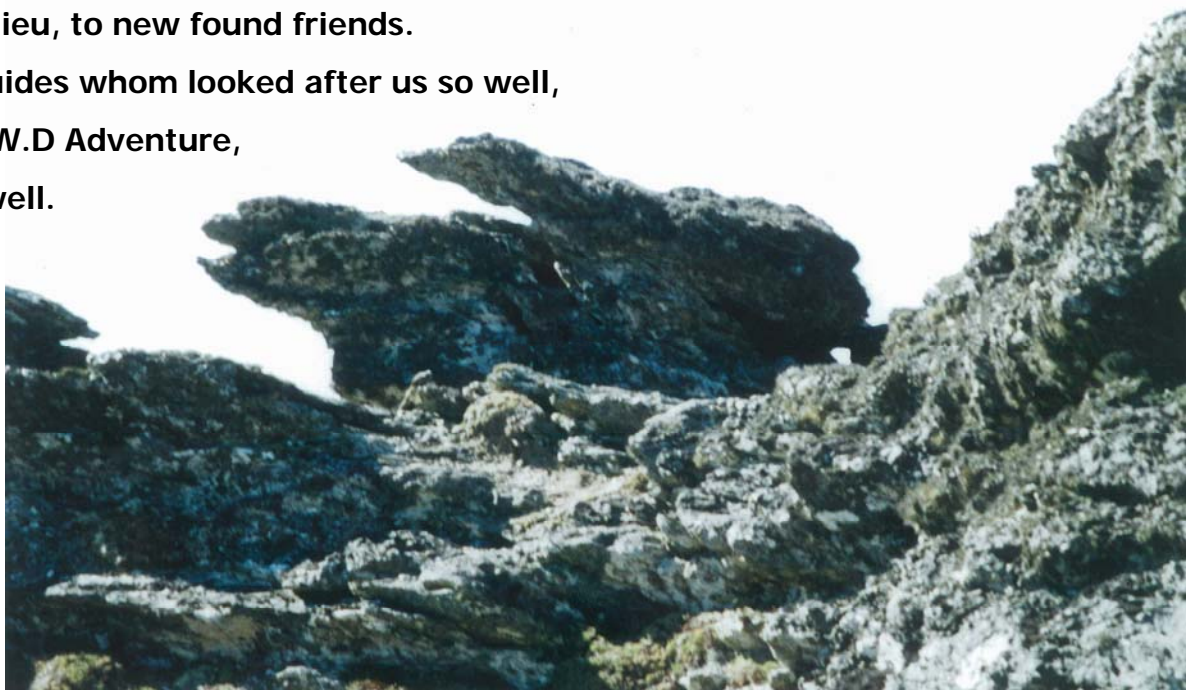

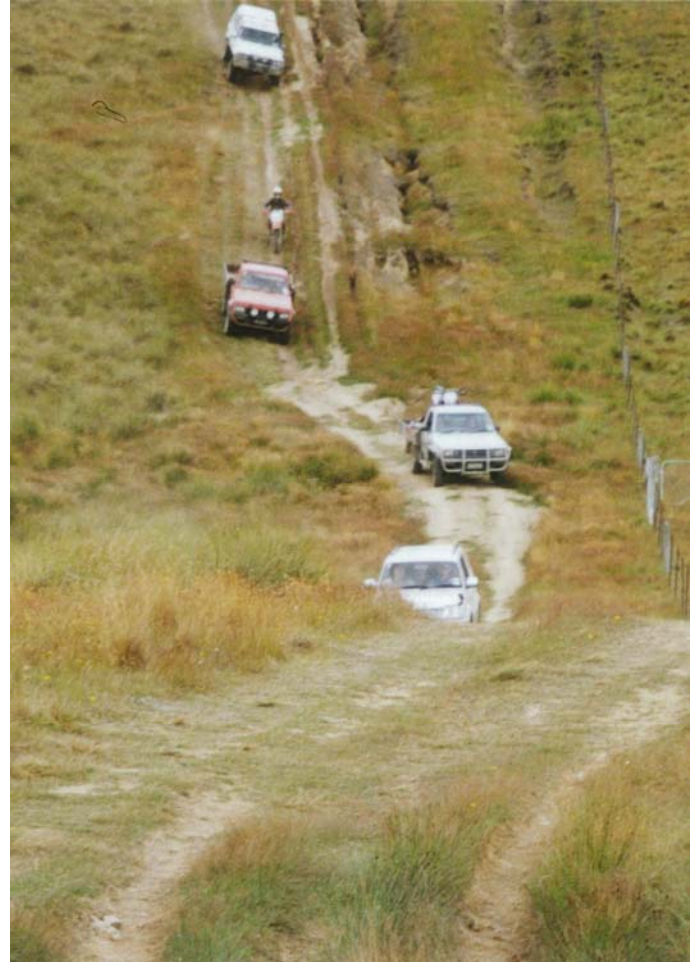

This 'Awesome' adventure is near to an end,

Soon we'll bid Adieu, to new found friends.

To our trusted guides whom looked after us so well,

Until next N.Z.4.W.D Adventure,

We bid you farewell.
