

NZ 4WD High Country Tour (HCH)

Repeat offender's (Lawful)

We're back again WHAT!! can I say
Well!!! NZ Adventure tours, is the best way
to enjoy the high country with its stunning views,
So!!! Come along, you could be a repeat offender too
Each day we travel different routes
and you'd be wise, to wear sturdy boots.

We line up every morning, 14 trucks in tow
with Malcolm in the lead, he will let us know
whether, its 'High' or 'Low' range we need to be in
and with that done, our days journey begins.
We learn some history as our adventure unfolds
of the hardships endured by families so bold.

The many tracks we covered, we saw but a few
of the homes they built, now a national treasure.
There is great admiration for the pioneers of old
in their quest for a new life, and search of gold.
Then a large flock of sheep, passed along the way
making an added interest to our day

We got to cross several rivers
and visited dams, which delivers
electricity around our great nation
then it's onto lunch, at a sheep station
where we are made welcome, such great hospitality
from the station owners of the high country

Finally we arrive, feeling dusty and weary
at the 'Snow Farm' owned by John and Mary
This is day 6 and also the last
so we view a video, of days just past
Tis amazing to see us on steep, dusty rough tracks
and if there's another NZ Adventure Tour
we'll be back
