

# NZ ADVENTURES 4x4 BOOKING STATUS. 2012 & 2013 TOURS

As @ 14th February 2012

This page tells you **which tours still have vacancies** and how full the tours currently are.

All tours are based on 14 customer vehicles **or** 30 customers whichever comes first.

We do however usually only fill to about 28 and the numbers below are based on taking the tour size to 28 people.

Why 30 customers? 30 customers is a good size group for our 3 guides to get to know everyone and give personal attention.

Why 14 customer vehicles? 14 plus our vehicle = 15, this is the maximum amount of vehicles we are allowed to meet our concession requirements on Dept of Conservation managed estates.

**The STATUS list tells you how many people vacancies still exist.**
