

WHAT THEY SAY ABOUT OUR SAFARIS:

"It's an amazing experience. As regular international travellers, my wife and I decided on this trip as a bit of a change, but were uncertain if it would stand up to scrutiny. Afterwards we voted it our best trip ever and would certainly go back."

John Peebles, in NZ Herald, 25.05.2004

SAFARIS INCLUDE:

SELF DRIVE 4X4 SAFARIS WITH NZ ADVENTURES

New Zealand's high country is one of the top destinations in the world, with scenery so dramatic it's become the backdrop Hollywood blockbusters.

Here's the best way to discover the South Island high country: an all inclusive low impact, self-drive, 4x4 tour through some of New Zealand's greatest iconic landscapes with NZ Adventures.

Choose from our established favourites: the six day High Country Heritage, five day West Coast Heritage or the new Southern Lakes Explorer. All are unique fully guided experiences for the discerning traveller and include good hotel/lodge style accommodation and quality meals.

We travel through many private and Conservation areas usually restricted to vehicles. Our routes are chosen for their

scenic, cultural and historic values. Our guides are all enthusiastic about our back country, its people and heritage, and they genuinely enjoy taking you further into this remote and secret world than you ever imagined possible.

OUR 4WD SAFARIS ARE DIFFERENT

- Exclusive off road driving.
- Suitable for shiny, family 4x4 vehicles.
- Gentle pace - forget the Hilux ads.
- Suitable for first time off roaders.
- No panel damage.
- Environmentally sensitive.
- See areas normally closed to vehicles.
- Large tracts of private land.
- Comfortable hotel/lodge accommodation.
- Quality meals throughout.
- Meet high country people.
- Professionally guided - since 1986.
- Small groups: maximum 12 -15 vehicles.

Southern Lakes Explorer Safari

HIGH COUNTRY HERITAGE SAFARI

Our longest all-inclusive 4X4 Safari. This six day adventure chases the sunshine the length of the South Island, closely hugging the eastern side of the Alps and passing through many famous high country sheep stations. This is the land of golden waving tussocks, superb alpine views and wild braided rivers we have all seen in calendars and TV commercials. However our Safari actually lets you drive across many famous high country properties and is an insight into this self-reliant way of life. We lunch on many of the stations and meet some of the run holders.

COST: Check out the website or give us a ring, 6 days.

WEST COAST HERITAGE SAFARI

This is a shorter but by no means less exciting off road tour comprising a loop of the top part of the South Island, and suits those with limited time, especially when driving from the North Island. Definitely a tour of contrasts this five day Safari features incomparable rain forest and mountain valleys west of the

West Coast Heritage Safari

Alps. A strong pioneering theme is present as we explore old gold miners' ghost towns and travel over historic early high country routes. The tour starts in Hanmer Springs and finishes in Greymouth on the West Coast, an easy half days drive from Christchurch.

COST: Check out the website or give us a ring, 5 days.

SOUTHERN LAKES EXPLORER SAFARI

New in 2007, the Southern Lakes Explorer is a five day 4WD trip for those who are looking for a slightly more challenging Safari. The route covers stunning terrain in the southern Otago lakes and northern Southland region's with exclusive private access. This Safari is suitable for low range 4x4's with genuine all-terrain (AT) tyres. **COST:** Check out the website or give us a ring, 5 day tour.

MACKENZIE EXPLORER SAFARI

New in 2008, the Mackenzie Explorer is a five day 4WD trip centered on the Mackenzie Basin. All the normal elements of our

other Safaris are retained - good accommodation, top food, interaction with the land owners and the low impact 'tread lightly' approach to off-road travel. The route covers stunning new terrain in the Mackenzie Basin and touches into northern Otago with new private access treats. This Safari is suitable for low range 4x4's with genuine all-terrain (AT) tyres. **COST:** Check out the website or give us a ring, 5 day tour.
